

A Struggle With Titans pages

128	birth defects in rats on high NaF
238	elimination of Rapaport research
307	"study" refuting link with DS non-existent
319	mottling in DS

Fluoridation and Truth Decay pages:

53	up 500% increase in accumulation in bones, teeth kidneys, livers and spleens in experimental animals, cripples born to the third generation
60-1	Rapaport studies on mongolism
69	incidence of Down's Syndrome increased
69	incorporation of accumulated fluoride into naturally occurring compounds, e.g. uracil, to form others (e.g. fluorouracil) capable of causing cancer or deformed babies
171	Russians report mutagenic changes from minute amounts of airborne fluoride
237	FDA bans fluoride supplements for pregnant women on grounds of uselessness and danger of mental retardation
246	mongolism and fluorides
246	mutagenic activity of fluoride salts not evaluated
246	USPHS policy on censoring adverse research prevents publication of Rapaport studies in the US journals
246	young mother prescribed fluoride tablets during pregnancy holds up her mongol child for Massachusetts Republican Club audience to see

The Fluoride Question pages:

99-104	FDA tablet ban and Rapaport studies
--------	-------------------------------------

Environmental Fluoride 1977 pages:

69-70	mutagenic and related effects of fluoride on animals and plants
69	in fruit fly in barley seedlings in mammalian oocytes
70	with mice, even 1 part per million in drinking water caused genetic damage effect on bone marrow cells of rats mutagenic effects of inhaled fluorides
109	carcinogenicity/mutagenicity

Fluoridation \ The Great Dilemma pages:

166	cataracts, occurrence in DS
212	cataracts, occurrence in DS
212-9	F ⁻ in water and occurrence of DS
214	DS in Illinois/N & S Dakota/Wisconsin maternal age and DS mottling and dental caries in DS
215	DS in Atlantic, Georgia
215-6	DS in England
216-7	DS in Illinois
217	counteracting effect in DS DS in Missouri DS in New York DS in Wisconsin
217-8	DS in Wisconsin
218-9	DS in Atlanta, Georgia DS in Massachusetts

Fluoridation \ The Great Dilemma continued:

219	DS in Michigan
	maternal age and DS
231	F ⁻ in water and occurrence of DS
358	F ⁻ in water and occurrence of DS

Fluoridation 1979:

Scientific Criticisms and Fluoride Dangers pages:

187-190	influence of fluoride ingestion on genetic
	changes — mongolism
261	Rapaport studies

Fluoride \ The Aging Factor pages:

54	DNA repair and birth defects
59	birth defects in rats, fish
81	hydrogen bonding
136	ICAIR unable to find any data

Fluoride in Australia \ A Case to Answer pages:

48	Rapaport studies show fluoride-Down's syndrome link
	fluoridationists' studies showing no link with
	mongolism not flawless
49	flaws in mongolism study by Berry
	Atlanta study in fact supports mongolism link

Fluoride in Australia \ A Case to Answer continued:

- 50 DNA damage from toothpaste-sized doses in Japanese study
125 Minister of Health unable to get scientific
refutation of Down's Syndrome and allergy evidence
131 Oxford cytological study "interesting" but
"irrelevant" — NHMRC

Fluoride \ The Freedom Fight pages:

- 100-101 Burgstahler's DS percentages lower than Rapaport's
