

**A Struggle With Titans pages:**

93	fluoride accumulation in brain
99	scotomata, motor and cognitive deterioration
148-9	retinitis in some rabbits, some patients
172	brain disease up in Grand Rapids
	brain disease reclassified as "intra-cranial lesions"
206	retinitis
213-4	fluoride content of cataracts
214	interference with lens carbohydrate metabolism
215	low brain level in acute fluoride poisoning
296	high incidence of cataracts in both Bartlett and Cameron
299	eye disturbances including blurred vision
333	retinitis

**Health Effects of Environmental Pollutants pages:**

168	headaches, numbness, spinal arthritis in volcanic areas
170	neurological symptoms in India

**Fluoride in Stomatology and Hygiene pages:**

106	fluoride content of cow brain
107	brains of guinea pig, dog

**Fluoridation and Truth Decay pages:**

- 22 pressure upon spinal cord in areas of endemic fluorosis
- 32 fenfluramine claimed as anti-obesity  
drug by Dr J Sedgwick
- 32 Dr Sedgwick claims the fluoride acts as a sedative
- 33 fluoride also likely to reduce appetite
- 33 FDA approval for fenfluramine in US
- 33 appetite curbed in bovine fluorosis
- 33 disastrous side-effects of fenfluramine
- 60 symptoms of fluoride poisoning:  
backache  
tingling and muscular weakness in legs and  
hands (especially in the ulnar nerve area)  
mental sluggishness  
blurred vision with flashes of light
- 92 magnesium and nonconvulsive epilepsy
- 93 severe magnesium deficiencies in patients with  
severe vasomotor instability
- 93 enzyme deprived of magnesium, resulting in  
interference with mental processes, and nerve  
reactions throughout the body are depressed
- 93 role of magnesium in epileptic and other convulsions
- 122 fluoride nerve gas "kicker"
- 129 eye irritation, sneezing and nosebleeds near  
Polk County, Florida, phosphate plants
- 130-2 Barci v Intalco lawsuit over fluoride damage to  
crops, livestock and human health from aluminium plant
- 162 anorectic effect of fluoride
- 205-6 diarrhoea, bloody stools and weight loss in  
one-year-old from vitamins with  
fluoride, fluoridated water
- 237 FDA bans fluoride supplements for pregnant women on  
grounds of uselessness and danger of mental retardation

Environmental Fluoride 1977 pages:

63-64	studies of neural tissues in experimental animals
	structural changes in anterior human brain cells in fluorotic patients
64	involvement of neural and muscle cells in pathology of fluorosis
85	neurological complaints
	neurological symptoms unrelated to skeletal stage
	locomotor ailments in the absence of radiological fluorosis
86	sensory loss with muscular wasting and pain
93	table 24: (neuromuscular, eye, bone and soft tissue calcification) symptoms common to both fluoride intoxication and magnesium deficiency
109	biochemical, metabolic, neurological and early bone changes

Fluoridation \ The Great Dilemma pages:

91	symptoms in acute fatal fluoride poisoning
110	blurred vision, loss of coordination
115	scotomata, deterioration of vision
124	relapse due to fluoride-containing tranquillizer
125	symptoms in Moolenburgh patients
135-6	visual disturbances, loss of coordination, concentration in occupational fluorosis
141	impaired vision, mental confusion, loss of memory, near aluminium factory
144	nystagmus, loss of memory, inability to concentrate
160	electroencephalogram reveals brain damage

212 high incidence of cataracts in Down's Syndrome  
high incidence of blindness in Green Bay, Wisconsin  
215 anencephalus and tea drinking  
299 classes of Garrison school interrupted 35 times during  
first year of Rocky Mountain phosphate plant's operation

**Neurological symptoms of F- intoxication, pages:**  
90 95 104-5 110-3 115-7 119-122 124-5 135 138-45  
160-1 249-50 392-3

169-173	fluoridation: psychological reactions to dental fluorosis and direct effects on the central nervous system
169	psychological reactions to dental fluorosis
172	direct effects of fluoride on the central nervous system
173	possible psychological results from fluoridation

**Fluoride \ The Aging Factor pages:**

<b>4</b>	<b>senility</b>
<b>6</b>	<b>eye disturbances</b>
<b>7</b>	<b>lethargy:</b>
	<b>trifluoroperazine</b>
	<b>headache</b>
<b>8</b>	<b>headache</b>
<b>9</b>	<b>eye disturbances (scotomas)</b>
	<b>mental depression</b>
<b>10</b>	<b>eye disturbances</b>
	<b>headache</b>
<b>12</b>	<b>Annapolis spill</b>
<b>13</b>	<b>headache</b>
<b>52</b>	<b>arteriosclerosis induced senility</b>
<b>74</b>	<b>fluoride level in brain before and after fluoridation</b>
<b>114</b>	<b>eye disturbances</b>

**Fluoride in Australia \ A Case to Answer pages:**

<b>54</b>	<b>muscular, skeletal, nervous and blood system abnormalities in residents near St Regis smelters</b>
<b>62</b>	<b>high sugar consumption linked to retinal disease</b>
<b>98</b>	<b>advisor on pharmacology to Swedish government feared high-fluoride infants' brains would be affected, producing permanent disorders in learning ability and other subtle behavioural effects</b>

**Fluoride \ The Freedom Fight pages:**

51	Nazi plot to fluoridate occupied countries
52	fluoride a constituent of seven major tranquillizers
57	used in Russian POW camps
	fluoridated children "more subdued"
67	occupied Papua, New Guinea, fluoridated, Indonesia not
89	fluoridated pheasant chicks born hand-tame
98	cholinesterase
105	cholinesterase, acetylcholine
157-158	cholinesterase
166-167	cholinesterase in vivo
167	cholinesterase and cell permeability

**National Fluoridation News issues:**

XI 3 May-Jun 1965	reporting BMJ 1 May 1965
XV 2 Mar-Apr 1969	Linus Pauling
XV 3 May-Jun 1969	hostility drugs
XXI 1 Jan-Mar 1975	
XXII 4 Oct-Dec 1976	
XXIII 4 Oct-Dec 1977	visual disturbances involving retina (in Burgstahler article)
XXIX 1 Spring 1983
