

A Struggle With Titans pages:

opp. page 33	fluorosis in cattle (photo)
opp. page 64	fluorosed bones from cattle near German superphosphate factory (photo)
71	near volcano Hekla, Iceland
	near superphosphate factory, Italy
71	gradual cessation of appetite
116-118	lawsuits for airborne fluoride damage
117	damages award to Meader trout farm and fish hatchery
	141 farmers reimbursed by Alcoa in Blount County, Tennessee by Jan 1 1953
	three judgements obtained against Reynolds Metals Co
118	damage to dairy herd, loss of forage, loss of milk supply and land depreciation
147	bone, blood, gastrointestinal and sex organ changes in experimental goats
242	abortions, stillbirths and infertility due to fluoride in chinchillas' food pellets
276	early observations on fluorosis in cattle made at Hanover's Veterinary Institute
282	damage and litigation in northern Switzerland
317	thyroid, dental effects in volcanic area near Rome
	Steyn's experiments on sheep, cattle and rats
318	diarrhoea, kidney and bladder stones in sheep kept on artificially fluoridated water

Health Effects of Environmental Pollutants pages:

53-54	effects on cattle and non-mammals
55	accumulation in insects

Fluorine in Stomatology and Hygiene pages:

569-596

619-622

597-626

651-3

Fluoridation and Truth Decay pages:

5-6 fluoride injury to cattle caused by Alcoa
6 fluoride damage comprised a "substantial part" of
air pollution damage in 1967 to agricultural
production in the US, estimated at \$500,000,000
25 49 ppm in forage induced bovine fluorosis
26 US Dept of Agriculture Handbook No 380
26 mottling in bovine fluorosis
26 factors affecting bovine fluorosis
26 farmers told to examine cows' teeth for fluorosis
33 appetite curbed in bovine fluorosis
96 damage to animals in Iceland after
volcanic eruptions recorded back to 1000 AD
125 Electric Reduction Company of Canada fertilizer
plant at Port Maitland, Ontario, fluoride pollution and
destruction of animals/plants, poisoning of residents
127 damage to cattle from Rocky Mountain Phosphate Company
129 cattle wiped out by 17 Polk
County, Florida, phosphate plants
130-2 Barci v Intalco lawsuit over fluoride damage to
crops, livestock and human health from aluminium plant
136 out-of-court payoffs and settlements to farmers
165 less fluorosis in animals kept indoors near
airborne fluoride source

165 fluorosis similar to animals found in humans with
 long-term ingestion of atmospheric fluorides
187-9 recommended measures in the war on fluoride pollution

21 dental fluorosis near volcanic areas
18 never any doubt that fluoride is undesirable
119 cattle crawling on their knees near
fertilizer factories
138 first recorded lawsuit for damages against a
fluoride polluter
142 arrival and subsequent closure of the
Rocky Mountain Phosphate Company in Garrison, Montana

46	factors affecting severity of fluorosis
47-8	standards for fluoride in forage
49	fluoride not proved essential for nutrition
51	importance of total fluoride intake
50	influence on weight-gain in swine (graph)
51	research recommendations
87	etiology, pathogenesis and prophylaxis of atrophic rhinitis in swine
107	fluoride content of fodders wildlife more susceptible than livestock
110-111	recommendations of NAS report on research for the future; on biochemistry of plant and animal damage by fluoride

Fluoride in Australia \ A Case to Answer pages:

47 cattle develop skeletal fluorosis — owners get damages
54 cattle fluorosis in Frieberg, Germany
54 fluorides have cause more damage to
livestock than any other air pollutant
— NSW State Pollution Control Commission
54 damage to Hunter Valley fauna and cattle from
Alcan Australia smelter
54 lawsuits for damage to crops and livestock

Fluoride \ The Freedom Fight pages:

89 pheasant chicks born deformed, hand-tame
151-2 fluoride pollution in Brugge
