

Fluoridation and Truth Decay pages:

- 27 54 ppm in Santa Clara Valley, California, raspberry
 crop — air pollution, pesticides suspected
- 126-7 fluoride in runoff from rock phosphate and
 superphosphate fertilizers threatens to
 contaminate drinking waters
- 138 fluoride in lindane, DDT, silicofluoride
 spray for oranges
- 139 compound 1080 may be killing endangered condors
- 139 uncontrolled use of compound 1080
- 218 Federal Security Agency hearing on fluoride in
 residues in agricultural products
- 218 JAMA warning on water, insecticidal sprays and
 superphosphate manufacture as sources of
 fluorine intoxication
- 270 2.1 mg to 5.7 mg/100g unwashed pesticide-treated apple
- 271 dangerously high levels in field drainage waters from
 superphosphate fertilizers
- 289-90 influence of superphosphate fertilizer use on
 fluoride content of drinking waters
- 290 accumulation in the soil from constant use of
 phosphate fertilizer

Environmental Fluoride 1977 pages:

- 19 fluoride content of phosphate fertilizer varies

Fluoridation \ The Great Dilemma page:

- 37 uptake in plants from phosphate fertilizer

Fluoride \ The Aging Factor pages:

111-112 use of fluoride as insecticide and rodenticide
137-138 cryolite and barium fluorosilicate insecticides

Fluoride in Australia \ A Case to Answer pages:

45 wheat fluoride up 64%, pumpkin up 429%, watermelons up
831% following use of fertilizer in Japanese study
54-5 US Dept of Agriculture recommends against fluoride
in water or feed of brood sows
54-5 money for tests on pigs in utero, not for humans
