

Fluoridation and Truth Decay pages:

- 13 fluoride-emitting industries
- 13 HF emitted in the isolation of uranium 238
- 13 15,000 pounds/month discharged into Miami River by  
Fernald, Ohio, Atomic Energy Commission plant
- 74 airborne fluoride in Long Beach from  
refineries, power plants
- 163 apparent "sweetheart contract" between  
government and industry
- 167 Birmingham, Alabama steel fume pollution disaster
- 185 Rockefellers and aluminium, fertilizer and  
drug syndicates
- 195 Atomic Energy Project funded research reveals 11%  
osteosclerosis in 8 ppm Bartlett, Texas
- 241 beneficiaries of fluoridation in Chile
- 244 NRC a non-government body funded by food processors,  
sugar and chemical interests
- 271 sources of fluoride air pollution
- 276 statistical work in some US toothpaste  
experiments was done by the toothpaste  
manufacturers or firms paid by them
- 278 pharmaceutical companies aware of the dangers of  
tablets, drops and vitamin-fluoride supplements,  
protect themselves by warning of side-effects
- 294 leading radiologist explains motives  
behind fluoridation

Fluoridation 1979:

Scientific Criticisms and Fluoride Dangers pages:

- 274 release of hexafluoride gas from  
uranium enrichment plants
-

Fluoride in Australia \ A Case to Answer pages:

- 53                    sectors of industry who stand to  
                         gain from artificial fluoridation
- 53                    interest of by-product suppliers in fluoridation
- 54                    polluting industries desperate to  
                         attach social benefits to their operations
- 75                    dental research sponsored by tobacco industry
- 124                   report for premier of W Australia points out  
                         connections between industry and  
                         early fluoridation advocates
