## Fluoridation and Truth Decay pages;

111-2	fluoroalkane aerosol propellants and cardiac toxicity
112	rise in death among asthmatics
112	death of youth from trichlorofluoromethane
112	fluorocarbon gas listed as ingredient in whipped cream
113	rise in death among asthmatics
113	reports show aerosol nebulizers made asthma worse
114	heart patients warned to avoid breathing aerosol gas
114	aerosol risk from "trash mashers"
114	call for blood serum analysis in aerosol users
114-6	attempted denigration of Taylor and Harris work on aerosols
116-7	the manufacturers' warning of side effects from isoproterenol propelled by fluoroalkane gas
117	Taylor and Harris finding that fluorinated aerosol propellants are potent cardiovascular toxins confirmed in every species tested
118	fluorocarbon propellants found in adrenal glands
118	FDA concedes propellants are not inert
118	FDA dithers over propellants to accommodate manufacturers
118-9	aerosol lacquer to seal fluoride-treated tooth surfaces
