ERCD Port Maitland plant
125-6 fish kills in Placentia Bay; fishermen refuse ERCD's
offer of \$300,000 compensation fund
126 ERCD fluorides find a market
127 fertilizer agreement with Russia could poison Americans
127-8 Rocky Mountain Phosphate Company at Garrison, Montana
127 damage to cattle from Rocky Mountain Phosphate Company
127 fluoride from Rocky Mountain Phosphate Company
eats brass off doorknobs
127 children born with asthma near
Rocky Mountain Phosphate Company
127 respiratory disease in adults near
Rocky Mountain Phosphate Company
127 heart disease near Rocky Mountain Phosphate Company
127-8 school children attacked by fluoride from
Rocky Mountain Phosphate Company
128 politicians refuse to admit fluoride the
culprit in Garrison, Montana
129 damage to citrus groves by 17 Polk
County, Florida, phosphate plants

Fluoridation and Truth Decay continued:

The Fluoride Question pages:

110	cancer linked with phosphate fertilizers
119	human/animal fluorosis near
121	skin ulcers in Scandinavian bathers near

Environmental Fluoride 1977 issues:

10	emissions from phosphate plants
11	emissions from phosphate plants
12	emission rates
15	emission rates from various phosphate processes
18	fluoride content of waste water

Fluoridation \ The Great Dilemma pages:

22	apatite
28	source of fluoride emissions
286	skeletal fluorosis in French-owned North African phosphate mines
296	damage to animal life

Fluoride \ The Aging Factor pages:

10	neighbourhood fluorosis
11	neighbourhood and occupational fluorosis
85	avoiding food grown in polluted areas
86	6-12-fold increase in dietary fluoride from phosphate
111-116	pollution
113-115	effects on livestock
115	phosphate food/animal feed additive
138	AMA report

Fluoride in Australia \ A Case to Answer pages:

53	interest of by-product suppliers in fluoridation
54	polluting industries desperate to attach social benefits to their operations
56	happy coincidence for Greenleaf fertiliser company
56	Australian Fertilizers Ltd
